**KENTUCKY LANDS.**

The Subscriber has FOR SALE,

53,500 ACRES of Land in Hardon county, Kentucky, binding for 20 miles on the western shore of Knolelin, and lying about 25 miles from Hardon court house. Knolelin is navigable from the land into Green river, and is the best fifth stream in Kentucky.

This land, though near the Barrens, is well wooded, and remarkably well watered. The outlines include 70,000 acres, but there are 16 or 17,000 acres of elder surveys within the lines, which are accurately laid down by actual survey made three years ago, for the purpose of ascertaining interferences. There is no land in Kentucky more free from dispute than the quantity offered for sale. On these elder surveys there are two mills and many families, and on the subscribers land there are about a dozen families, desirous of buying their settlements, and he has reason to believe 100 families more would have purchased and settled on the land in the present year, had it suited his affairs to have sold out in single parcels; that part of the country possessing health, and many local advantages, and being near the centre of the state.

Samuel Turner of this town, knows this land well, and will take the trouble to give a just description of its quality, to those who may desire it.

This land, if applied for prior to the 20th December, will be sold at 50 cents per acre, on bond with interest, payable in 1, 2, 3 & 4 years. If the bonds be satisfactorily secured, unquestionable title will at once be given for the land.

**Dr. HAMILTON'S ELIXIR,**

A sovereign remedy for Colds, Obsolete Coughs, Asthma, Catarrhs, Sore Throats, and approaching Consumption.

To Parents who may have children afflicted with the HOOPING COUGH,

This discovery is of the first magnitude, as it is an immediate relief, checks the progress, and in a short time entirely removes the most cruel disorder to which children are liable—The Elixir is so perfectly agreeable and the dose so small that no difficulty arises in taking it.

From LUTHER MARTIN, Esq. Attorney-General of the State of Maryland.

Gentlemen,

I comply with your request in stating my opinion of Hamilton's Elixir. It has been used in my family for two or three years past, with uniform success, whenever colds, coughs, or similar complaints have rendered medicine necessary. I have myself found it an excellent and agreeable remedy for a very painful and troublesome affection of the throat, accompanied with soreness and with obstructed and difficult breathing.

On these accounts I do not hesitate to recommend Hamilton's Elixir, as a valuable medicine, and deserving public attention.

LUTHER MARTIN.

Mr. Abijah Henry, Bridge-street, Baltimore, was cured by one bottle of Hamilton's elixir of a very complicated disorder, occasioned by a severe cold caught several months ago. He breathed with the greatest difficulty, and was often thrown into weakening sweats when he attempted to walk any distance, and his voice would frequently fail in such a degree that he could only attempt to whisper: he has been upwards of six weeks without a return of his complaints and desires to give this public testimony in favor of his invaluable medicine.

**Dr. Hamilton's  
GRAND RESTORATIVE,**

Is recommended as an invaluable medicine, for the speedy relief and permanent cure of the various complaints which result from dissipated pleasures—juvenile indiscretions—excessive in climates unfavorable to the constitution—the immoderate use of tea, frequent intoxication, or any other destructive intemperance—the unskillful or excessive use of mercury—the diseases peculiar to females at a certain period of life—bad living in, &c. &c.

And is proved by long and extensive experience to be absolutely unparalleled in the cure of

Nervous Disorders, Violent cramps in the  
Consumptions, Stomach and back,  
Tremors of spirits, Indigestion,  
Loss of appetite, Melancholy,  
Impurity of the blood, Gout in the stomach,  
Hysterical affections, Pains in the limbs,  
Inward weakness, Relaxations,  
Semi-lunaticism, Involuntary emissions,  
Flourish (or whites), Obsolete gleet,  
Barrenness, Impotency, &c. &c.

In cases of extremity, where the long prevalence and obstinacy of disease has brought on a general impoverishment of the system, excessive debility of the whole frame, and a wasting of the flesh, which no nourishment or cordial could repair, a perseverance in the use of this medicine has performed the most astonishing cures.

**HAMILTON'S ESSENCE AND EXTRACT OF MUSTARD,**

A safe and effectual remedy for gout, rheumatism, palsy, sprains, bruises, pains in the face and neck, &c. And has performed more cures in the above complaint than all the other medicines ever before made public.

From Dr. Weatherburn,  
Wythe county, Virginia.

GENTLEMEN,

I purchased at your shop the preparations you call Hamilton's Essence, or Extract of Mustard, which I believe has perfectly removed a chronic rheumatism (of that kind named sciatica, or of the hip joint) under which I had labored for a long time, and which had baffled every article in the Materia Medica, and every mode of treatment received into practice for the cure of this obstinate disease. If you think this letter useful you are at liberty to make it public.

Yours, &c.

W. WEATHERBURN.

John Hoover, rope maker, South Second Street, between Mary and Christian Streets, Philadelphia, voluntarily makes oath as follows, to wit:

That his wife, Mary Hoover, was severely afflicted with a violent rheumatism, very dangerously situated, the consequence of a severe cold after lying in, as to be confined to her bed for several weeks, and was at length reduced to the melancholy apprehension of retaining a cripple for life, notwithstanding the most respectable medical advice was followed, and every probable remedy attempted: when feeling several cases of cures performed by Hamilton's Essence and Extract of Mustard, they were procured from Mr. Birch, No. 17, South Second Street. The first application enabled her to walk across the room, and the use of one bottle restored her to her usual state of health and strength.

JOHN HOOVER.

One of the justices of the peace for Philadelphia county.

**HAMILTON'S**

**WORM DESTROYING LOZENGES,**

Which have within four years past cured upwards of one hundred and twenty thousand persons of both sexes, of every age, and in every situation, of various dangerous complaints arising from worms, and from obstructions or foulness in the stomach and bowels.

This medicine bears no analogy whatever of similar title, to commonly complained of as operating with violence, on the contrary, a particular excellence of this and every other medicine is its being suited to every age and constitution, and contains nothing but what is perfectly innocent, and is

so mild in its operation that it cannot injure the most delicate pregnant lady, or the tenderest infant of a week old should no worms exist in the body, but will, with out pain or griping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders. They are particularly efficacious in carrying off all gross humors and corruptions; feverish and bilious complaints, and the safest and mildest purgative that can be used on the occasion.

**Description of Worms, and the symptoms by which they are known.**

Worms which infect the human body, are chiefly of four kinds, viz. the Tenes of large round worm, the Ascarides, or small maw worm, the Cucurbitina, or short flat, white worm, and lastly, the Tania or tape worm so called from its resemblance to tape; this is often many yards long, and is full of joints—it is most hurtful and most difficult to cure.

Among the symptoms attending worms, are disagreeable breath, especially in the morning—Bad and corrupted gums—itching in the nose and about the face—Convulsions and epileptic fits, and sometimes privation of speech—Starting and grinding of the teeth in sleep—Irregular appetite, sometimes loathing food, and sometimes voracious—Purging, with slimy and foetid stools—Vomiting—Large and hard belly—Pains and sickness at the stomach—Pains in the head and thighs, with looseness of spirits—Slow fever, with small and irregular pulse—A dry cough—Excessive thirst—Sometimes pale and unhealthy countenance, and sometimes the face bloated and flushed.

Persons afflicted with any of the above symptoms should have immediate recourse to Hamilton's worm destroying lozenges, which have been constantly attended with success in all complaints similar to those above described.

A dose of this medicine given occasionally during the warm season will effectually prevent the vomiting and purging of children, a dreadful disorder which annually destroys thousands of the infant part of our cities. It is likewise the mildest and most certain remedy known and has restored to health and strength a great number when in advanced stages of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness, having a pleasing appearance, and an agreeable taste.

**TAPE WORM.**

Mr. SAMUEL FULLER, Inn keeper, on the Harford road, ten miles from Baltimore, began about twenty months ago to be grievously afflicted with a tape worm, which increased fast in size and strength, so as to excite the most horrid sensations by his writhing motions and intolerable pains, resembling the gnawing and tearing of his bowels, which deprived him of his necessary sleep, and caused such dreadful apprehensions as cannot be conceived but by one in a similar situation—his appetite wasted rapidly, and with that his strength, so that he was unable to attend to any business—when he heard of some excellent cures performed by Hamilton's worm lozenges, he took a large dose, which brought away about FOUR YARDS of the worm (now in the possession of Lee, & Co.) but a renewal of his pains soon convinced him that this monstrous reptile had recovered its first vigor—Application was made to Lee & Co. for more of their medicine, with their advice, from which he felt the total expulsion of his formidable enemy, in several pieces, which he supposed to be SIX or EIGHT YARDS more. A few months have since elapsed, and Mr. Fuller is now in perfect health. The above facts are well known to a numerous circle of his neighbors, and himself will gratify any who may wish to make further inquiries on the subject. Although Hamilton's worm lozenges produce such powerful effects, when necessary, yet they are perfectly innocent and mild in their operation on the human body, even taken in large doses, as Mr. Fuller will testify—their particular mildness is abundantly evident in innumerable cures of infants.

Communicated by Dr. John Spangler, York town, Pennsylvania.

Letter from the reverend Mr. JOHN MOLTER, minister of the Moravian Church, in York town.  
York, January 4th, 1803.

DEAR SIR,

Dr. Hamilton's lozenges have been recommended to me as a very adequate means for the cure of children afflicted with worms, I procured a box for the use of my family, to try whether by means of this medicine I might be enabled to gain a point, which, to accomplish, different other means had proved abortive. My eldest boy had a very sickly appearance, was very restless at night, grew leaner from time to time; in short, he seemed to be in a precarious state of health, which would yield to none of the medicines administered, until I gave him two doses of lozenges, agreeably to the directions, which carried off a substance to all appearance a mere mucus but upon close inspection quite replete with very small living animals. Not one of that sort of worms which usually afflict children came from him. Since that period he grew remarkably better in health, and though lean, has got a fresh and lively complexion. Upon different occasions I have used this medicine as a purging substitute, and found it to answer exceedingly well, without bringing on belly ache, or any other disagreeable sensations, to which is often occasioned by purging medicines. Upon the which I judge this medicine to be, besides its main object, one of the most salutary means for restoring lost appetite, and promoting a proper state of digestion, by carrying off that bilious substance, which engenders so much indisposition both among children and adults.

I am, Sir, your most obedient servant,

JOHN MOLTER.
